

Appalachian Trail District Unit Sparkplug Award Nomination

The Appalachian Trail District introduced the Unit Sparkplug Award several years ago in an effort to help Units recognize adult volunteers for significant contributions to the Unit that have been essential to keeping that Unit running. This award may be presented to a registered direct-contact leader, member of the committee, or an active parent involved with the Unit. This award is presented by the District upon the recommendation of the Unit Leader and Committee Chair through the completion of the below form. Please return to the address below by May 15.

Criteria for presenting this award are unique to the individual. It may be given for exceptional service over a short period of time, or it may be given for strong devotion over a long period of time. Units may nominate one person for this recognition every year.

Recognition for this award includes a certificate suitable for framing along with a small cast sparkplug suspended from ribbon that is worn from the right breast pocket button.
